

Introduction to the Assessment Literacy Learning Hub

The Assessment Literacy Learning Hub is dedicated to supporting teachers in enhancing English learning and teaching practices through effective assessments. Our mission is to empower educators with the knowledge and skills needed to improve student learning in English. Through collaborative meetings, we will share best practices and strengthen assessment literacy in both General English and NET English lessons. By fostering a supportive community, we aim to ensure fair and valid assessments that align with learning objectives, ultimately benefiting all students through improved assessment strategies.
